

Using FamilySearch Effectively

Thursday,
August 15
6:30 p.m.

Professional genealogist Jennifer Banks will teach how to use FamilySearch, the world's largest collection of free family trees, genealogy records, and resources, more effectively.

She will provide a detailed explanation of what the search boxes do and do not access as well as showing how to access the unindexed records. She will also demonstrate how to access online learning courses, various online trees, books, wiki, and catalog.

Handouts will be provided.
